

COMBUSTION TECHNOLOGY NEWS

February 2009 Newsletter

RAISING THE LEVELS OF CUSTOMER SERVICE!

Five nifty new vans sporting the Combustion Technology, Riello Burners, Garioni Naval and Autoflame branding, have been spotted on the roads around Cape Town and Johannesburg!

The new vehicles will be used by our Service Engineers in both Cape Town and Johannesburg.

Five of our Service Engineers visited the UK towards the end of 2008, for ongoing training at Autoflame Engineering - Dewald Lubbe, Devon Muller, Victor Sylvester, Amier Peck and Ronald Mavunda.

All the engineers benefitted enormously from the superior training provided by this world class company. This ongoing training enables us to continue to provide you, our client, with exceptional service!

At your service in 2009!

WHAT A GREAT PARTY!

**Combustion Technology Year End Function at Spier Wine Estate
held on 15 November 2008**

Thanks to all our clients and friends who joined us for our end of year function at Spier Wine Estate. We hope that you enjoyed the event as much as we did! Thanks to Jillian Jewell for all her hard work!

Congratulations to all our 2008 winners :

BOULEVARD BLUES BAND

Our Afternoon Blues Session on 15 November 2008 was enjoyed by many of our clients as well as members of the public.. The band played next to the river at Spier Wine Estate and the audience really got into the swing of things! This year the weather played along with us - a magnificent day - perfect for enjoying the Blues..... Grant performed a few songs later in the afternoon - much to the delight of his family, friends and clients!

BOILER SEMINAR - CAPE TOWN

We will once again be hosting our popular Boiler Seminar at a new venue - the Lord Charles Hotel in Somerset West on Wednesday 25 March. Our seminar has become very popular - hence the new out of town venue! Cost for the day will be R 800 pp incl VAT. Interested? Then contact Loma van Niekerk on lomavn@rielloburners.co.za to book your place. Seating is limited so be sure to book early!

LATEST NEWS FROM COMBUSTION TECHNOLOGY

GRANT VISITS ASHRAE EXHIBITION IN CHICAGO

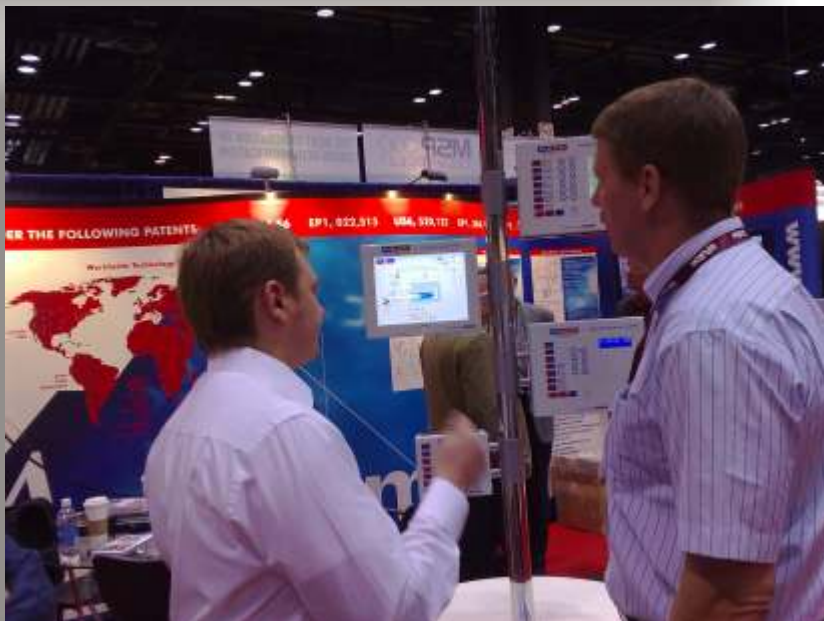

Grant recently visited the ASHRAE 2009 Expo in Chicago USA to see the latest technologies available in the industry.

When it comes to heating and cooling this exhibition, which takes place annually, is the best of the best. More than 54 000 people visited the 1900 exhibitors!

Both Riello and Autoflame hosted stands at the show and welcomed visitors from all over the world to find out more about the latest products available.

TOP: Grant with Mr Ettore Riello (centre), President of Riello Burners and Mr Guliano Conticini (right) CEO of Riello Burners.

BOTTOM: Grant on the Autoflame stand learning about the new Autoflame MK7 Touch Screen Controller.

Jillian Jewell, Grant's PA gave birth to a 3.4kg baby boy on Wednesday evening 4 March. We welcome Dyllan Jewell to the Combustion Technology family!!
Congratulations to both Jillian and Jeremy.
Jillian will be on maternity leave for the next few months and we hope she enjoys the special time with Dyllan!

15 TON BOILER ORDER SECURED

Combustion Technology has been awarded a contract to install one of the largest Garioni Naval boilers in the country - a 15 ton boiler for Clover Danone. Garioni Naval supplied Clover Danone in France previously. This 15 ton boiler will be the biggest Garioni Naval installation in South Africa to date. We will report further on the milestone project during 2009.

Combustion Technology is, in the meantime, working on an order for a massive 40 ton boiler! The company is pulling out all the stops to ensure that the project happens during 2009! Watch this space for more news!

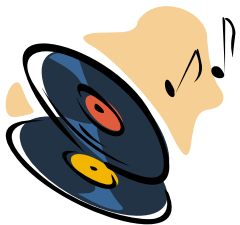

Combustion Technology is the proud sponsor of the latest DVD from the Boulevard Blues Band titled "Railhouse Tracks". The DVD is available from the Boulevard Blues website www.boulevardblues.co.za.

The CD of the same name is available free to all clients of Combustion Technology.

Send your details to Loma van Niekerk at Combustion Technology Head Office
